

## WHAT IS THE BIG MOUTH PROJECT?

*The Big Mouth Project is a collaboration between artists and WorkSafe Victoria to celebrate our biggest asset in the workplace. (Yes, that one.) To help spread the word we've asked some of the world's most talented artists, typographers, writers, animators, web designers, model makers, photographers and dentists (ok, that last one was a lie) to bring our big fat friend to life in any way they see fit. Paintings, sculptures, movies, t-shirts, zines, pretty much anything to get the message out there. Even word of mouth. In fact, you could start that one for us if you like by telling your mates about this project.*

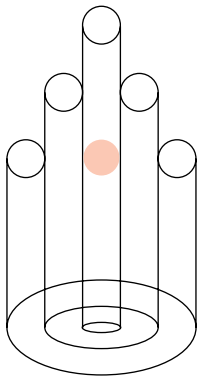

## ABOUT THE ARTIST

*Jonathan Zawada is an Australian based mixed media artist producing unique work for clients in the music, art and fashion industries. His diversity of styles include website design, illustration, fabric prints, animation, as well as book and magazine design - such as the one you're currently holding in your hands. Jonathan has exhibited across the world and his sold out shows 'Semantic Webs' and 'Boolean Values' at Monster Children Gallery were just another step towards becoming one of the biggest names in contemporary art today.*
